

Rad Star Chasers LLC

Practical Innovations for RV & Off-Grid Living

■ Company Overview

Rad Star Chasers LLC develops practical, scalable RV upgrades that solve everyday campsite problems — from dust intrusion to sanitation to four-season comfort. Our mission is to deliver DIY-friendly, serviceable add-ons that improve life on the road without requiring a full rig rebuild.

■ Market Opportunity

- RV aftermarket: \$60B+ industry
- Growth fueled by: remote work, off-grid living, and sustainable travel trends
- Millions of RV owners actively seek affordable upgrades for airflow, dust control, sanitation, and comfort

■ Innovation Pipeline

- TrailPress — dust mitigation & airflow control
- SaniShield360 — odor & sanitation solution
- ArcticLoop20 — thermal R&D; for four-season comfort

■ Roadmap

Milestone	Status
